

LIMITED RECALL OF GO NUTS PEANUT BUTTER 400g

Following the initial recall of peanut butter products announced by various manufacturers during the first week of February 2024, Clover elected to further assess its Go Nuts Peanut Butter product. This was done as a precautionary measure to ensure that our product meets our quality standards. Unfortunately, test results showed discrepancies in limited batches of the product for levels of Aflatoxin.

The quality and safety of our products remain our top priority. Consequently, Clover is recalling certain batches of its Go Nuts Peanut Butter product, which are sold countrywide. All 400g Go Nuts Peanut Butter products with the following Best Before dates will be affected by the recall:

- I. Best Before 2025-06-12*
- II. Best Before 2025-06-18*
- III. Best Before 2025-06-19*
- IV. Best Before 2025-07-19*

All affected batches of the product have already been removed from all stores countrywide. All other batches of our Go Nuts Peanut Butter product in stores are not affected by this recall and are 100% safe for consumption.

Those consumers who might have bought these affected Go Nuts Peanut Butter products are advised to return them, whether opened or not, to the store where they bought it for a full refund.
